## Confidentiality Commitment

The information contained in this document, along with all related communications and materials, is intended solely for the use of the individual or entity to whom they are addressed. This document contains valuable, confidential, privileged, and proprietary information belonging to Quantum Fusion T1 Limited, its affiliates, and its partners.

## Restrictions on Use and Disclosure

The recipient of this document agrees to maintain all information in strict confidence. They are prohibited from using the information for any purpose other than for evaluating a potential business relationship with Quantum Fusion T1 Limited or as otherwise agreed upon. The recipient must not disclose, share, reproduce, or distribute any part of this information to any third party without the prior written consent of Quantum Fusion T1 Limited. Any unauthorised use or disclosure of this confidential information may be unlawful and subject to legal action.

**WARNING:** If you invest in this Product you may lose some or all of the money you invest.

**QUANTUM FUSION**

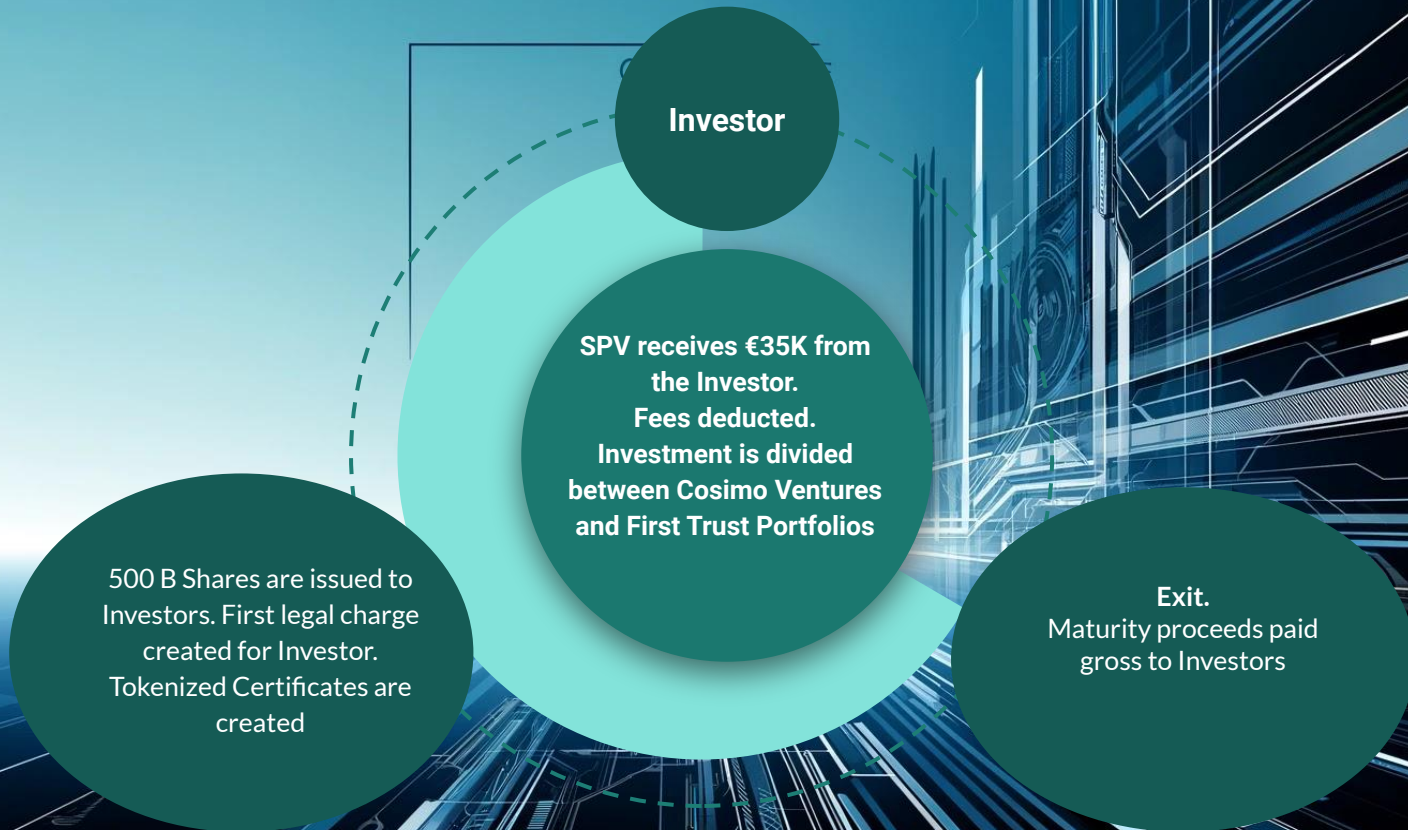

## Future of Funding

Quantum Fusion is a new hybrid investment opportunity which blends the stability of a Fully Regulated UCITS fund, with the growth potential of a Deep-Tech & Blockchain investment fund

This is a first for the Republic of Ireland and boasts good remuneration for the advisors along with great risk mitigation for the client, allowing access to a deep tech fund with limited downside.

The investment opportunity is ideal for platform investors and pension clients alike. The UCITS fund is provided by First Trust Portfolios. They have around €240 billion AUM and have become a very popular thematic investment firm. The tech-fund is provided by Cosimo Ventures who are a best in class provider of deep tech opportunities Worldwide.
